

Salted Colombian Dark Chocolate “Bites”

- Single Origin Colombian
- 59% Cocoa
- 10 bites/container
- 10mg ea./100mg total
- **Ingredients-** Cocoa Mass, Sugar, Cocoa Butter, Cocoa Powder, Live Rosin, Maldon Sea Salt, Soy Lecithin (Emulsifier), Natural Vanilla Flavoring.
- **ALLERGENS-** Contains: Soy,
- **MAY CONTAIN:** Peanuts, Tree Nuts, Milk, and Gluten.
- Kosher Certified
- **Tasting Notes-** Complex flavor profile with fruity and flavory aromas. Shades of hazelnut, almond, and fig with the aftertaste finishing with hints of coffee and vanilla which help to provide a complex mouthfeel. Sprinkled with Maldon Sea salt for a decadent crunch.
- **Maldon Sea Salt Notes-**

What Is Maldon Salt? And What Makes It So Special?

Maldon is a flaky sea salt originally made in the town of Maldon in Essex, a region of eastern England. The salt is sold by the Maldon Salt company and harvested from the Blackwater Estuary River, which is known for its “Spring Tide” saltwater. Maldon salt is recognized around the world as being one of the finest sea salts available and is often used as a finishing salt or garnish for various foods and desserts. Maldon is also known for its pyramid-shaped flakes and use of time-tested harvesting techniques.

Maldon is a fourth-generation, family-owned business. Their method, which involves evaporating seawater until it forms large crystals of salt, has mostly remained the same since the days of the Roman occupation of Britain.

What Is the Difference Between Maldon and Other Salts?

Maldon sea salt (aka flaky sea salt): In a close second behind kosher for the purest salt you can acquire, Maldon is like the final boss of the entire family. Produced by evaporating sea water, it is irregular in shape and higher in mineral content than both table and kosher salt. Its large, flaky crystals enhance texture and provide a delicate and satisfying crunch in each bite. Sea salt shines best when used as a finishing salt; sprinkle it onto your food before serving.
